

CP38E (Establishment of Permanent Native Grass, Permanent Wildlife Habitat Corridors-noneasement, Permanent Wildlife Habitat-noneasement)

CRP Mid Contract Management

Name: _____

See attached aerial photo for areas to be treated.

Field(s): _____

Tract: _____

CP 38E (Establishment of Permanent Native Grass, Permanent Wildlife Habitat Corridors-noneasement, Permanent Wildlife Habitat-noneasement) – For 10-year contracts MCM will be applied in years 4, 5, and 6 of the contract. For contracts over 12 years in length, apply MCM in years 5, 7, and 9 of the contract. **(choose one)** Apply to the vegetative cover but not to areas planted to trees or shrubs unless required by District Forester or NRCS.

	MCM Options	Field #	Acres
	Disk		
	Disk & Interseed		
	Spray		
	Spray & Interseed		
	Burn		
	Burn & Interseed		
	Interseed Only*		

* See following special interseeding information.

- According to NRCS FOTG (327) Conservation Coverstandard, interseeding requires that existing vegetation be weakened prior to interseeding. For CRP, the stand may be weakened by disking, prescribed fire or chemical application prior to the interseeding operation.
 - IF the stand was hayed or grazed, this also meets the criteria that stand be weakened prior to interseeding.
- Time periods for CRP interseeding of introduced forbs and legumes: August 2 to September 30 or March 1 to May 14.
- Time periods for CRP interseeding of native forbs and legumes: April 15 to May 14.

Begin MCM in _____.
